

## **HYDROmorphone: Discovering What We Don't Know Survey Answer Key Now Available**

ISMP Canada's national initiative to assess health professionals' current state of knowledge about HYDROmorphone has had tremendous support by you. As of March, we have received *more than 3500 completed surveys*.

**Thank you for your interest and participation!**

Findings from the survey will be used to develop improvement strategies to address knowledge deficit issues related to the safe use of HYDROmorphone.

**The answer key for the survey is now available** on the ISMP Canada website at:

[http://www.ismp-canada.org/education/webinars/20120209\\_Hydromorphone/Answers.pdf](http://www.ismp-canada.org/education/webinars/20120209_Hydromorphone/Answers.pdf)

For those who missed the webinar, a recording of information on the project is available at:

[http://www.ismp-canada.org/download/webinars/20120209\\_Hydromorphone](http://www.ismp-canada.org/download/webinars/20120209_Hydromorphone).

*For more information contact [HYDROmorphone@ismp-canada.org](mailto:HYDROmorphone@ismp-canada.org)*

This project is sponsored through a grant from Health Canada.
